Monika Inc's design team provides unmatched design services, artistic construction and products for residential and specialty commercial interiors. Monika Inc's work has evolved over the years from specialty restaurant and commercial design, infill custom home design, to residential complete remodels, and new home construction interiors and exteriors. Her passion and ability for creative design is seen in many exquisite homes and commercial sites in USA and Canada. Custom furniture is designed under the label of HAUS COUTURE available by special order online. The scope of work for the principle designer of Monika Inc. range in full spectrum home interior design to specialty smaller scaled project commissions.
